STUBBORN FIGHTING IS STILL GOING ON IN PEKING.

WASHINGTON, August 20.—The Japanese Legation has received several important dispatches. One received to-day from Tokio, dated August 19, says: "After entering Peking with the allied troops, the Japanese troops on August 15th betook themselves to and remained at the Imperial Palace. A body of Japanese troops was told off to guard the palace and there they met with obstinate resistance from the Japanese troops. Fighting is still going on."

FOREIGNERS OWE THEIR LIVES TO HEROIC RUSSIANS.

Desperate Fighting of the Czar's Troops at Tien Tsin Described By Mrs. Charles Denby.

INDIANAPOLIS, Aug. 20.—The following letter was received last night from Mrs. Charles Denby Jr., dated Tien Tsin, July 20th:
"On the night of June 15th enormous fires in the native city were started and the Boxers began their attack on the settlement. Soon we were all aroused and every one who lived in the extra concession went either to friends on the Victoria Road or to the Town Hall. As it happened, Mrs. Von Hannekin had asked us to come to her in case of alarm, so we escaped to the Town Hall. There were perhaps too people who remained in their own homes. All the rest were huddled together in Gordon Hall for ten days.
"The Chinese troops were everywhere. Two days before the alarm 1,700 Russian troops arrived. They saved our lives. Had it not been for them all of us would have been slaughtered. On that Monday they fought 5,000 Chinese foreign drilled troops for twelve hours. At one time they thought they could not hold them at bay, but in the evening the Russians still maintained their positions. How the Russians fought and suffered! I cannot describe their courage. For three days they lay in the open, exposed to a terrible fire without being able to fight back. The Chinese were behind trenches, so the Russians could not afford to waste ammunition.
"On all these days we were waiting and watching for reinforcements. We could not believe the Admirals would bombard the forts and plunge us into war and then leave us with only a few hundred troops. Such, however, was the case. No one knows where the fault lay. There were three dreadful days of fighting. But when the second additional troops were dispatched from Taku, after the arrival of Major Watts, the brave Russian rider, they were able with such a reinforcement to work their way through. Thus they all arrived on Sunday morning and we were saved."

EMPRESS PURSUED BY JAPANESE.

Royal Family Flee From Peking.

Associated Press Dispatches by The Tribune's Special Leased Wire.

LONDON, Aug. 20.—The Chinese Minister here has received dispatch from Peking saying the Empress Dowager and Emperor left Peking a few days before the allies arrived there.

LONDON, Aug. 20.—The Japanese cavalry has left Peking in pursuit of the Dowager Empress and her court, according to telegrams from the north received at Shanghai by Chinese officials. These dispatches aver that the Empress and her treasure train, protected by 3,000 troops, have already arrived at Wu Tai Tsin.

The field telegraph north of Yang Tsun is interrupted and nothing under a Peking date appears to have reached Yang Tsun since August 17th. Heavy rains have been falling in the province of Pe Chi Li. The landing of the British troops at Shanghai is not causing excitement among the natives. A detachment of 100 French marines landed there today. A custom cruiser is reported to have gone to Tien Tsin to take away the foreigners rescued from Peking.

Many influential Chinese have interested themselves in the fate of a Chinese man sentenced by an English court at Hong Kong to six months' imprisonment at hard labor because he was a member of a Triad society.

WASHINGTON, Aug. 20.—The State Department has received a cablegram from Consul-General Goodnow at Shanghai, announcing the occupation of Peking by the allied troops and stating that it is reported that the Dowager Empress and Emperor left Peking on August 13th.

AMERICAN CASUALTIES AT PEKING.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, Aug. 20.—The Bureau of Navigation this morning received the following cablegram from Lord Roberts:

"Ian Hamilton captured two Krupp guns at Oliphants Nek August 17th. Three British were wounded."

"Hamilton engaged the Boers all day August 19th at Roodkopies. There were few casualties. Rundle reports 68; Boers surrendered in the Harrismith district August 19th."

Washington Judge Dead.

AMSTERDAM, N. Y., Aug. 20.—Judge John Berkley, late of the Superior Court of the State of Washington, died today at the home of his daughter, Mrs. John H. Bosworth, this city. He was born in Oppenheim, Fulton County, N. Y., June 18, 1823.

MILLMEN COMMIT NO VIOLENT ACT.

Deny That Bricks Were Thrown at Burnham & Standford's Workmen.

Members of the Building Trades Council say there is no truth whatever in the story printed on Saturday that bricks were thrown at men employed in the Burnham & Standford planing mill when they knocked off work at noon on Saturday.

There was, however, a call for police protection for the men employed there on Saturday afternoon. The report on which the Chief of Police acted was from E. C. Hundley, secretary of the planing mill company. To a TRIBUNE reporter Mr. Hundley said:

"For several days a crowd of men has been loafing about the saloon on the corner. I will not say they were strikers, even under the present conditions. I have never seen any of our old employees among the number. It may be just a crowd looking for anything that promises excitement. One of our men was on his way to the mill when some one in the crowd threw a rock at him. He turned, but the men made no further demonstrations. However, in view of the threats that had been made and the increasing aggressiveness of the crowd I thought it best to be prepared and so telephoned to the Chief of Police.

Dominick Larsen and Robert McKee, two pickets detailed on that day by President Smith of the Millmen's Union to watch that particular mill, say they were on duty from 7 A. M. until 5 P. M. and that no union men save themselves were in the vicinity; that they saw no rocks thrown and were in view of the mill the entire day.

Chief of Police Hodgkins had a patrolman on the corner at 5 o'clock when the men quit work, but there was no disturbance.

The idle millmen have conducted their fight in a gentlemanly fashion so far and that is the best guarantee that they will continue to do so. The Building Trades Council has extended and continues to extend to mill owners every assurance that mills which become "fair" will be amply protected from the competition of foreign "unfair" mills, and there is no desire anywhere to commit acts of violence toward "unfair" owners or their non-union employees.

The strength of the position of the locked out men lies in their peaceful attitude.

The alleged offer of Andrew Wilkie, the main contractor on the de Fremery block, to assign his contract in order that the work might go on is the only development of general interest in the strike situation this morning. Wilkie is president of the Mill-owners' Association, is working non-union men nine hours a day, and is therefore classed as "unfair" by the Building Trades Council.

"The offer of Wilkie was the merest subterfuge," said J. H. Mullen, business agent of the Oakland Council, this morning. "His offer was to assign his part of the contract and yet retain all the financial interest in it. We could not entertain such a proposition for a moment. What would other contractors think of us and what would a trades union stand for if it permitted its rules and in fact its basic principles to be violated by a trick. Mr. Wilkie made a mistake in his men, that is all. He is an "unfair" contractor, and the rule of the unions is rigid on that. We are in this fight fairly and honestly and if we win we will win on those lines."

"As for the proposition to arbitrate, if the majority of the Oakland Council and is known as an old resident

CHINA ANXIOUS TO MAKE PEACE.

Li Hung Chang Wants Minister Conger Appointed to Negotiate.

WASHINGTON, Aug. 20.—The Chinese government, through Li Hung Chang, has made application to the United States for the appointment of Minister Conger or some other American official with authority to open negotiations for the establishment of peace and for fixing definite terms for the settlement of the present trouble. The application came to the Chinese Minister today and was taken by him to the State Department.

Li Hung Chang's application for the appointment of a peace commissioner expresses willingness to conduct the negotiations at a point desired by the powers, and it is expected that this will be Peking or Tien Tsin.

A similar application has been made by Earl Li to all of the powers interested. His suggestion of Minister Conger as the commissioner is based on the idea that as Minister Conger has been rescued, he has now the opportunity to proceed to the point where the negotiations will be held and conduct them.

The application does not suggest any particular terms nor does it ask for the withdrawal of troops. It requests that the negotiations shall be for the purpose of bringing about a cessation of hostilities.

BLOODY DEED OF PHYSICIAN.

Kills His Mother-in-Law and a Wealthy Neighbor.

Associated Press Dispatches by The Tribune's Special Leased Wire.

LEAVENWORTH, Kas., Aug. 20.—Dr. Arrington, in Platte county, Mo., near Leavenworth, today shot and killed James Wallace, a wealthy farmer, and Mrs. William Wallace. James Wallace and Arrington, who were neighbors, had quarreled. Wallace was greasing his buggy this morning when Arrington approached and without a word fired two shots. One took effect in Wallace's head and the other in the breast, killing him almost instantly.

Arrington then drove across the river to Leavenworth, taking his young daughter with him, purchased 250 cartridges and returned to the home of Mrs. William Wallace, a widow, who was his mother-in-law. Arrington entered the woman's house unbidden and shot her to death before she could make an outcry.

Arrington then climbed into his wagon and drove off with his daughter. He was pursued by Sheriff Dillingham and a posse. The posse came up with Arrington near Farley. The murderer opened fire, wounding Dillingham in the breast and producing a fatal wound. As he fell Dillingham shot Arrington through the heart. Saturday night Arrington drove his wife away from their home by threatening to kill her. She slept in a corn field and is still in hiding.

BAIL FIXED FOR MARTIN'S SLAYER.

STOCKTON, Aug. 20.—Alfred Williams, who shot and killed William Martin at the Stockton Hot Mineral Baths on the night of August 1st, for which he was held to answer without bail, was today admitted to bail by Judge Budd upon habeas corpus proceedings in the sum of \$25,000. Judge Budd filed a lengthy opinion in support of his action. Williams thinks he will be able to furnish the amount.

CLoudburst NEAR TRUCKEE.

Associated Press Dispatches by The Tribune's Special Leased Wire.

SACRAMENTO, Aug. 20.—On Sunday afternoon there was a cloudburst at Boca, a small railroad station on the Central Pacific Railroad five miles east of Truckee. The water literally came down in sheets, and in a short time streams were running by the roadsides. The gauge showed that 1.22 inches of rain had precipitated. At Truckee there was but a trace of rain.

TWO FIGHTERS ARE BURNED TO DEATH.

Associated Press Dispatches by The Tribune's Special Leased Wire.

HELENA, Mont., Aug. 20.—Tom Martin and Barney Keegan upset a lamp while fighting in a room in the Hamilton House at Hamilton, Ravalli county, and set fire to the building. Both were burned to death. The hotel and three adjoining buildings were burned. Loss \$20,000, partially insured.

Dead on Life's Threshold.

Isabella Miller, the 14-year-old daughter of Mr. and Mrs. James Miller of Twenty-ninth and Railroad avenues, died this morning at 1 o'clock. The funeral will be held from the family residence tomorrow morning at 10 o'clock. The father is proprietor of the California Pottery Works and is known as an old resident.

WOULD NOT
FEED THE CHICKS
CASE LOOKS
LIKE SUICIDE.Rude Awakening of a
Chicken Ranch Dream
of Wealth.

Wilhelm Makowski and Charles Olsen have reached the conclusion that they cannot make a success of the chicken business as a double team. Makowski just dotes on chickens. Olsen thought he did also. He may think so yet, but Makowski is not a cooperator. He has sold his partner's part in it as a broker of thoroughly-bred fowls and has sued him for a dissolution of the copartnership which existed between them.

It was back in February that the pair dreamed simultaneously of the wealth to be made by a chicken ranch. They brought them together and after a talk about eggs and things they decided to enter into business together, each agreeing to put up one-half of the capital for the first settling of eggs and for the construction of the necessary coops and feeding troughs. Likewise, they agreed to divide the labor equally.

Had their plans been carried out according to program the chicken ranch might have developed into a Klondike, but after six months experience Makowski found that he alone could manage it and put up all the cash alone and reaped none of the profits. He claims that Olson kicked out of the ranch to feed the chickens and nearly went crazy when he was forced to take water to the ducks.

Makowski is now for a dissolution of the copartnership and the appointment of a receiver who knows something about chickens.

CALIFORNIA TEACHERS
TO MEET IN CONVENTION

A meeting of the executive committee of the California Teachers Association was held in the office of the Superintendent of Schools in San Francisco Saturday for the purpose of arranging a program for the convention of the association to be held in that city on December 20th, 21st, 22nd and 23rd. Superintendent Webster presided over the meeting and an election for officers resulted as follows:

President, Supt. J. W. McClymonds; Oakland; vice-presidents, Supt. O. W. Erlewine of San Francisco and D. Fankel of Los Angeles; secretary, Mrs. M. M. Johnson of San Francisco.

The meeting was addressed by G. W. Meade of Oakland, J. A. Addicot of the State Normal School, San Jose; Ronald P. Gleason, of Oakland, and Miss Estelle Carpenter of San Francisco.

The annual report will be addressed by President Wheeler of Berkeley, Rev. Dr. Brown of Oakland, Dr. Jordan of Stanford University and Miss Lillie Martin. Through the courtesy of Superintendent Webster Professor Thwing of Oberlin College will be engaged for three addresses on "The Teacher as a Force in Civilization," "Characteristics of Education in the Twentieth Century," and "Some Introductions." Which the Teacher is in Peril of Making."

REGULAR SESSION OF
THE COUNCIL TONIGHT.

Reese Donland forgot about the complaint against him for robbery that Mike Hogan swore to a couple of years ago and appeared on the streets drunk Saturday night. That night he was recognized as the man named in Hogan's complaint and a warrant was issued for him. Hogan, Donland and others were sitting on a bench at Eleventh and Franklin streets about two years ago, at which time Hogan alleges Donland took \$2 from him. It is probable that Hogan had forgotten the matter but the police had not.

Payne Musicale.

Mrs. Frank H. Payne of Berkeley entertained 150 friends from Oakland, Berkeley and San Francisco at a musicale on Friday evening. AGNEW'S CASE TO
BE VENTILATED.Who Is to Blame for
Man Boiled to
Death?

Miss Mary Morris, whose father met death at the Agnew's Asylum in a bathtub full of boiling water, is determined that responsibility for the accident shall be definitely fixed. She believes that the investigation at the asylum after her father's death was not far-reaching enough.

The young woman is going to force the matter into the courts. She is a clerk in the office of the Alameda Superintendent of Streets. When her father, George A. Morris, was committed to the asylum she was appointed his guardian and had charge of his property. Being a man of some means, he went to the asylum as a "pay patient." Every six months his daughter remitted \$10 to the asylum authorities for his care.

The reply is as follows:

KIRKWOOD, Ga., Aug. 20.—General J. E. Gordon, Commander-in-Chief of the United Confederate Veterans, has prepared a reply to a resolution recently adopted by a camp of Confederate Veterans at New Orleans, condemning the Blue and Gray reunion at Atlanta, recommending that no more similar reunions be held and protesting against General Gordon accepting an invitation to the G. A. R. reunion at Chicago.

Since Morris' death Dr. Crane has sent her a bill for the amount due for the last six months he was in the asylum. It is through this claim that Miss Morris intends to expose to the public what she claims to be the gross mismanagement of the asylum and the incompetency of the attendants.

She has refused to pay the bill and has invited the asylum authorities to bring suit against her for the amount. If they do so she will do her utmost to bring the matter to a speedy trial and will be able to introduce evidence, she says, which will shock the state.

"I think the people should know of the conditions as they exist at Agnew's," she said today. "Hundreds of poor unfortunate are there now, and I suppose thousands are destined to be eventually taken there. The treatment that they are receiving is a matter of State concern. If the authorities will only give me the opportunity I will prove that there is need of radical reform in the institution."

Miss Morris expects to leave for Honolulu within the next sixty days. As she may make the Islands her future home she hopes to force the asylum people to show their hand before her departure.

CHARLES H. HANDY
DEFIES HIS GUARDIAN.

Mrs. George N. Crosby, guardian of Charles H. Handy, a minor, charged in open court this morning that Attorney A. S. Sanborn had lied and spilt him away. She said that Sanborn was allowing the boy to sleep in a shed, while he had rented a comfortable room for the lad, which was the advice of the attorney, her husband, Sanborn.

She had ordered clothes for the boy but he refused to accept them, and she had offered him money for his personal needs but he had spurned the offer.

Mrs. Crosby asserted that all of this was due to the bad advice given the boy by Sanborn.

The attorney was amazed at the accusations and denied them flatly. He said that the boy had told him that Mrs. Crosby had refused to care for him. That boy, Sanborn was in court to ask the judge to direct the guardian to care for her ward.

Judge Greene advised Mrs. Crosby and Sanborn to consult with each other. "If you can't settle this between you, I'll take a hand in it myself," were the Judge's instructions.

DELEGATES FROM YOLO
SOLID FOR METCALF.

After the Congressional primary was concluded the delegates elected from Yolo county organized and unanimously reaffirmed the declaration enunciated at their county convention held on May 12th, 1900, in terms as follows:

"As members of the Third District we take a strong position in the recognition so unusual for one in its first term as accorded to and the success won by our Congressman, the Hon. Victor H. Metcalfe, and heartily approve of his faithful attention to his constituency."

Furthermore declared the supporters of their votes to be at the service of Mr. Metcalfe.

TRUCE IN ANDERSON
DOMESTIC WARFARE.

John Anderson and Mary Anderson, his wife, have agreed to a truce in their domestic warfare. They have agreed to a temporary arrangement, and if it succeeds, as expected, to and the success won by our Congressman, the Hon. Victor H. Metcalfe, and heartily approve of his faithful attention to his constituency."

Today the attorneys for both sides got together and agreed to a stipulation that no further action be taken for ten days. In the meantime efforts will be made at reconciliation.

Court Notes.

The suit of Sherman, Clay & Co. against Mrs. Honglund has been dismissed on motion of the plaintiff.

John Anderson, administrator of the estate of Clara Pestoff, deceased, has filed his statement showing that his fees for the six months ending June 30 amounted to \$10,500.

John Anderson, administrator of the estate of P. C. Goebel, deceased, has petitioned for a family allowance of \$20 a month for decedent's widow.

Mary Snow has been granted ten days' further time to file his bill of exceptions in the two suits filed against him by the Legatees. The administration on the estate of Grethe Anderson, deceased, have been issued to Andrew Anderson.

WEST OAKLAND EXPECTS A BOOM.

Coming of Pacific Mail Creates a Stir in the Railroad Colony.

No recent announcement of importance has created more interest among the railroad colony of West Oakland than the statement that the Pacific Mail Steamship Company is to transfer its shipping point from San Francisco to the old Long Wharf. An army of men required to handle the vast business of the company. These employed now have their homes across the bay, but when their work is transferred to this side it is calculated that they will find it more convenient to live here, and a healthy boom in the western extreme of the city is one of the benefits that is expected to follow.

Those who depend upon the Railroad Company for employment are already feeling the effects of the contemplated change. The work of rebuilding Long Wharf and placing it in readiness for the use to which it will be put is by no means a small task. Under the most favorable conditions from six to nine months will be consumed in the preliminary work. The bridge structure itself is but an item when compared with the extensive plan of improvement that the Pacific Mail proposes. Warehouses and freight sheds are scattered in the details and will rival anything of the kind along the water front in San Francisco. The material for these will be turned over at the company's yard, and the most steady employment to large number of skilled hands and carpenters for many months to come.

Altogether the Pacific mail news is filled with delight by railroad men and those interested in the welfare and prosperity of West Oakland.

Next to the Long Wharf transformation the topic of discussion among the railroad men has been the death of Col. George Huntington, and the probable changes that would be sudden taking off. One thing that could not be said was that his employees liked him.

This was particularly the case with those in the West Oakland yards. Huntington never visited the coast, and making a tour of inspection of the railroad property at West Oakland. On these occasions he never failed to command any good piece of work or call attention to that appeared to him slack.

The interest in all the developments spurred the men on to a frantic rivalry, knowing that whenever they deserved a word of praise from Huntington they got it from the coal heater right up the ladder.

The most sincere feeling of regret when the news reached the yards that Huntington was dead, and the expressions of sorrow from the men were of a character seldom emanating from the employes of such an extensive corporation.

The plow was draped in mourning out of respect to his memory, and there were other evidences of the deep concern of the men whose labor contributed to the vast fortune of the dead magnate.

MORE EQUIPMENT.

Increased business and recent losses by fire at Bakersfield have forced the Southern Pacific Company to add to its equipment. It has been decided that all new orders will be for heavier and better rolling stock that is now in use.

The most recent order is for thirty-eight locomotives. The Cook Locomotive & Machine Company will build eighteen of these, for use principally on the Sunset Route in Texas and on the Shore Line in California. They are to be passenger, with 20x21 cylinders and weight 23,000 pounds, \$3,000 of which

is to be paid in advance.

The Schenectady Company will build ten mogul freight engines for October delivery.

One hundred fifty-ton coal cars ordered some time ago by the Southern Pacific Company from the American Steel & Foundry Company of Huntington, W. Va., were delivered at the West Oakland yards.

Delivery of the twenty-five new roadways, each day coaches, built by the Barlow Smith Company of Dayton, Ohio, for the Southern Pacific has also been completed. The others, built by the same company, will be placed in commission this month. Several of them are now on the sidetracks at the yards and have been greatly admired by the railroad men.

SOUTHERN PACIFIC EARNINGS.

The financial statement of the Southern Pacific Company for the month of June and for the fiscal year ending June 30th has been issued from the general office of the company in San Francisco.

For the month of June the gross earnings were \$3,056,100, an increase of \$200,700 over the corresponding month of last year, and the operating expenses were \$2,855,800, leaving net earnings of \$182,300, a decrease of \$38,314 from the net earnings of June, 1899. The gross earnings for the fiscal year ended June 30th, an increase of \$7,255,511 over the preceding fiscal year, and the operating expenses were \$10,925,274, an increase of \$1,385,299. The earnings in excess of operating expenses were \$2,345,134, an increase of \$2,27,251.

RAILROAD NOTES.

The construction department of the Southern Pacific Company reports that the new ferry slip and apron at the foot of Broadway, to be used by the creek boats, will be when completed, the finest and most substantial on the Pacific Coast.

The Santa Fe has announced that it will soon put a new time card into effect between San Francisco and Stockton to compete with the Southern Pacific's fast train to the Northwest which was recently inaugurated. The latter beats the Santa Fe by fifteen minutes.

Considerable material is being shipped from West Oakland to Bakersfield to be used in the construction of a branch line which the Southern Pacific is building from the latter place to the Kern county oil fields.

Transcontinental freight rates have been smashed over Government business. It is stated that the roads have discovered that indiscriminate rate-cutting has been done in order to get contracts for carrying Government supplies.

DR. DILLE CRIES DOWN SLOT MACHINES.

At the First M. E. Church last night, Rev. E. R. Dille spoke against the proposed ordinance licensing nickel-in-the-slot machines. Among other things he said:

"Recent exposures in the public press have emphasized and demonstrated what many knew before—that the said nickel-in-the-slot machines are not only gambling devices of the rankest kind, but that they are fraudulent gambling devices occupying the same plane as marked cards, loaded dice, fake lottery tickets and other schemes of the 'tin-horn' variety. The press disclosed the conduct of that which the machine, while every machine investigated was doctored to a greater or less extent—tampered with so as to make the odds slanted in favor of the proprietor, the dealer."

"But if all the machines were 'square'—that is, if they were all what they purport to be—the objection to their being licensed by the municipality is just as great for square gambling as it is for honest money, and a man can go to our young men. Gambling, in its essence, is that—it is getting another's property without rendering an equivalent. It does not care for anything else, but, with many others, believes that Illinois has no right to ask for the office the second time."

HEADQUARTERS OF SALVATION VOLUNTEERS

One of the most attractive mission halls in Oakland is found at 488 Ninth street, between Broadway and Washington, where the Volunteers of America hold their services every night.

The first floor of the room has been fitted up for a public reading room and private office.

The tables are supplied with magazines and the San Francisco and Oakland dailies. Writing materials may be obtained by those who wish to use them and a tax has been reserved for those who wish to write.

"The progress of our work will not be hindered by opposition," remarks Captain Asa. "We have every reason to look forward to a successful future and believe the number of our staunch friends is fast increasing."

The Volunteers have begun with new inspiration and present local officials with the belief that the work of evangelization loses nothing by refined and attractive environments.

Captain Hoganson and wife who have been active officers in the Volunteers, in the past, have now more with the Oakland post.

Both are musical and render valuable assistance with their brass instruments.

These officers will remain in Oakland to assist in the part of an independent Colonization. During the regimental officers of the Pacific Coast took part in the services of last week.

FRITTERING AWAY OF A BIG ESTATE.

In the Superior Court in Martinez, Thursday, a suit in foreclosure was commenced by F. C. Gill against Fred C. Gillando, as administrator of the estate of John C. Gill, deceased, of San Francisco, where they are put aboard transports bound for China or the Philippines. The greatest rate-cutting has been made in attempts to get the meat shipped from China. It was asserted that the scale rate-cutting had diminished if not completely obliterated profits. In railroad circles the danger of the freight war thus started becoming general among transcontinental roads is regarded as serious.

FREIGHT WAR IN SIGHT.

Transcontinental freight rates have been smashed over Government business. It is stated that the roads have discovered that indiscriminate rate-cutting has been done in order to get contracts for carrying Government supplies.

Both are musical and render valuable assistance with their brass instruments.

These officers will remain in Oakland to assist in the part of an independent Colonization. During the regimental officers of the Pacific Coast took part in the services of last week.

PENNIMAN HOME BURNED WEDNESDAY.

The Contra Costa Gazette says that on Wednesday evening last the residence of William H. Penniman situated near the Pleasant Hill school house was destroyed by fire. All of its contents including some rare bric-a-brac and a costly piano went up in smoke. How the flames started is not known, but the origin is supposed to be due to a defective fuse. The loss will be about \$4,000.

CALIFORNIA WEATHER.

There was a crowd all day yesterday in front of the Southern Pacific's office in No. 223 Clark street, says the Chicago Inter-Ocean. The attraction was a big bullet, showing the maximum temperature in the state, with the thermometer at the top of the list was San Francisco, with a temperature of 88 degrees, while

MURDERED BY THE EMPRESS.

Beheads Twelve of Her Clansmen Before Her Flight.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, Aug. 20.—A dispatch to the Journal and Advertiser from Shanghai says:

Kang Yi, former assistant grand secretary of the empire, and General Lung Li Slung are heading an army sent from the nick of time your gold became available and saved our market from a nasty jar. London stock brokers and others still grumble at the smart stroke played by the Emperor and Empress Dowager and all the Manchu nobles. Their destination is believed to be Sian-fan, in Shensi province.

They can't promise to keep you cool on the way out to the coast, but will guarantee a reduction of 50 per cent in your laundry bill after you get there," said Mr. Williams. "Some people have an idea that San Francisco must be very hot in summer, but I can assure them winter is so delightful. Just look at the eye on the official bulletins of the weather bureau, and you'll see that San Francisco has a lower temperature on the average in summer than Chicago or New York."

Some people who saw the bulletin on the Southern Pacific's offices would not believe that it gave the correct temperature at San Francisco until they verified it by the Weather Bureau report.

PAST TIME ACROSS CONTINENT.

The Grand Trunk railway has inaugurated competition with the Pacific on passenger business to and from the North Pacific coast.

The Empress Dowager headed twice of the imperial chamber who returned to the capital and were suspected of favoring the foreigners.

The personal property which the Empress sent away filled six carts.

The Chinese report heavy losses in the fighting between Tien-Tsin and Peking. General Ma was dangerously wounded at Tung-Chow, where Generals Chien-Zilin and Chang Cheng Fu, commanding Wing Lung Division, were killed.

The Chinese forces also circled in a story, and the Chinese guards, owing to cartridges giving out, fired silver bullets during the last days.

GRAND ARMY ENCAMPMENT.

Associated Press Dispatches by The Tribune's Special Leased Wire.

CHICAGO, Aug. 20.—Although there is much to do within the military camp in the new Coliseum, Wabash avenue and Sixteenth street, before it will be ready for the listening thousands who will be there next Sunday for the opening exercises of the national G. I. Encampment.

The world's most advanced veterans

were sufficiently advanced yesterday to allow Professor Kutznerberger to give his chorus the first rehearsal.

The chorus will be something for the visiting Grand Army men to remember as long as they live, and will be composed of a company selected from the best singers of the city, in addition to a number of soloists of note.

The election of national commander and other officers will be held at the second annual meeting of the encampment that of Wednesday. There will be no candidate mentioned seriously for that office. MISHAP OF A NEGRO POET.

Paul Lawrence Dunbar
Drugged and Robbed
in a Saloon.

Associated Press Dispatches by
The Tribune's Special Licensed Wire.
NEW YORK, Aug. 19.—Paul Lawrence Dunbar, Negro poet, reported to the police last night that he had been drugged and robbed recently.

Dunbar said he had been working hard during the early part of the night, writing plays, and groups who had been instigated about the West Side riots and was very tired. About midnight he started to go to the house on Ninth avenue where he was staying, and William Ricks, his invitee, came into a saloon and advised him against going through West Thirty-seventh street, as he said it was dangerous.

He accepted Ricks' invitation. He then started through Forty-seventh street until Ninth avenue. This is all that he remembers until 3 o'clock the following afternoon, when he awoke on the top floor of a building on West Thirty-seventh street, apparently of his own accord, which he knew told him that he had been found unconscious in the hall and they had put him to bed.

As soon as Dunbar examined his pocket-book, he found that he had been robbed; his diamond ring, a gold watch and chain, some money and some trinkets were missing. He thinks that "knock-out" drops must have been used.

Paul Lawrence Dunbar is known as a writer in magazines and as a poet. He has published several books of poems.

ALAMEDA MAN'S WORK IN CHINA.

City Electrician Wiese's Experiences in Canton.

BUSY DAY FOR THE FRESHMEN.

Students are Addressed By President Wheeler.

ALAMEDA, Aug. 20.—G. A. Wiese, the City Electrician of Alameda, who went to China some years ago to install an electric light system for the city of Ningpo, has an interesting experience with the Chinese. Mr. Wiese was the first man to put electricity for lighting purposes in operation in China. The amazed Celestials imagined he carried the light around with him and gave him the title of "The Great White Light of America."

"In many places," said Wiese, "the streets of Canton are too narrow for poles. We had to get permission of the authorities to cut holes in the brick walls of the buildings. Into these holes were placed and the wires strung. I made a tour of inspection and was astonished to see that they were loaded with wearing apparel that had been hung out to dry. It was the biggest display of laundry washing I have ever seen. A man was running through the wires at the time, but I didn't notice any Chinese corpses strewed along the way-side. When we warned the owners of the washing of their dangers, they only laughed, saying, 'The Chinese are the best people there, much quicker than the sun.' I reported the matter to the Chinese officials. After that a guard of forty soldiers accompanied me on my rounds to see that no more clothes were hung out."

The Chinese Emperor presented Mr. Wiese with a highly carved ebony cabinet as a mark of his regard for his achievements in Canton.

At 11:15 A. M. tomorrow the University Cadets in uniform, with the exception of the freshmen, will assemble at the flagpole, where Captain Henry DeFe, Waite, the new professor of military science and tactics, will be presented to them.

ORIENTAL LANGUAGES AT THE UNIVERSITY.

BERKELEY, Aug. 20.—The University of California has edited the study of Japanese to the department of Oriental languages and literatures. Russia and Germany have founded schools for the study of Japanese, owing to the commercial and political importance of the language. Berkeley will be one of the few institutions in this country where the Japanese tongue is taught. The new course will be taught by Yoshi Kuno, a native of the Nippon kingdom. Mr. Kuno is a graduate of the university with the class of '97. The course will consist of three hours a week, classes to be arranged to suit the students.

In the Oriental department Walter N. Fong has been appointed the new assistant in Chinese. Dr. Fong is a graduate of Stanford with the class of '96, receiving at that time his A. B. The Cantonese dialect is the tongue spoken by most of the Chinese in this country, in Honolulu, Australia, the Philippines, the Straits Settlements and in Southern China.

Boy's Toes Mangled.

George Newman, 14 years old, living on Hickory Street, West Berkeley, jumped from a moving train Saturday evening at 8 o'clock and fell throwing his right foot beneath the wheel. His toes were crushed and the boy was severely injured. Dr. Stratton, of the hospital, where Dr. Stratton amputated his mangled toes.
